INOGEN ONE G3

Oxygen. Anytime. Anywhere®

The new Inogen One® G3 delivers the independence of previous Inogen One portable concentrators, but it's smaller, lighter, and makes more oxygen per pound. It's a portable concentrator light enough to be worn care-free by the active oxygen user. That means there are no tanks to refill and you never have to worry about running out of oxygen.

The Inogen One® G3 is your one solution, your single solution, for oxygen at home or away. The Inogen One® G3 is Oxygen. Anytime. Anywhere®.
